

# Concentration Camps in the U.S.

(If you think it's inappropriate to refer to these as concentration camps, just [click here.](#))

---

[2600 Magazine](#) has compiled a full listing of Customs and Border Patrol stations, a number of which are being used to imprison migrants, immigrants, and/or refugees, many of whom are children. In the interests of openness, we are sharing that info here. Please note that not every facility in this list is being used for this purpose, but many existing camps are either at one of these addresses or are being managed there. And the potential for expansion is ever present. This is also only a partial list of the total number of camps, as others are operated by different branches of the government, as well as by private companies. We will be updating it as we receive and compile more data. If you have additional info to add, please write to [webmaster@2600.com](mailto:webmaster@2600.com) or visit our SecureDrop page at [www.2600.com/securedrop](http://www.2600.com/securedrop) where you can find out how to anonymously submit info to us.
